Cher(e) Fran=C3=A7ois,

vous recevez ce courriel car vous venez tout juste de signer la d=C3=A9claration Un partenariat indigne des valeurs affich=C3=A9es par l'=C3=89ducation nationale . Une v=C3=A9rification de votre courriel est n=C3=A9cessaire pour =C3=A9viter les fausses signatures.

Pour valider votre signature, validez le lien suivant :

<http://www.april.org/microsoft-educ-nat-partenariat-indigne/confirm/5c77dd20f1b7f8e9b1da8c0448a114ee>

Note: certains logiciels de courriel peuvent s=C3=A9parer l'URL pr=C3=A9c=C3=A9dente en deux lignes.

- Statut changé de Nouveau à Fermé

On a eu de nouveau un problème avec la poste. Je ne vois pas de solution actionnable : on a un email bien formé, un serveur bien configuré, et un message propre (pas d'image, etc.).

#5 - 15/12/2017 09:27 - François Poulain

Je pense qu'il faudrait virer le Header X-PHP-Originating-Script: 0:mail.php comme on a fait sur DTC.
